ASSIGNMENT

WHEREAS, I, Chen-Fa Hsieh, a Taiwan citizen, residing at No. 32, Alley 4, Lane 245, Section 2, San Min Road, Pan-Chiao, Taipei Hsien, Taiwan, have invented certain new and useful improvements in a DECORATIVE ALERT SYSTEM, for which I have filed an application for Letters Patent in the United States, Application No. 09/605,282, filed on 06/28/00;

AND WHEREAS, the said Application became unintentionally abandoned for failure to file a timely and proper response to the Office Action mailed by the U.S. Patent and Trademark Office on 12/06/00, which set a 3-month period for response, and thus the abandonment date of the said Application is 3/07/01 (i.e., the day after the expiration of the date of the period set for response, plus any extensions of time obtained therefor);

AND WHEREAS, I was unaware that the said Application had become unintentionally abandoned, and thus the entire delay in filing the required reply in the said Application until the filing of a grantable "Petition for Revival of an Application for Patent Abandoned Unintentionally" under 37 CFR 1.137(b) was unintentional;

AND WHEREAS, I own all right, title, and interest in and to the said improvements and the said Application, and have at no time assigned, licensed, or by any other manner encumbered the said improvements and the said Application;

AND WHEREAS, American Products Company, Inc. (hereinafter "ASSIGNEE"), a California Corporation, with its principal place of business at 22324 Temescal Canyon Road, Corona, CA 92883, desires to acquire the entire right, title, and interest in and to the said improvements and the said Application;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to me in hand paid, and other good and valuable consideration, including but not limited to good will, future business, the payment of all patent prosecution fees and costs, and the prospect of an exclusive market in the United States for products embodying my invention to be distributed and sold by said ASSIGNEE, the receipt and sufficiency of which is hereby acknowledged, I, the said inventor, do hereby acknowledge that I have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title, and interest throughout the world in, to and under the said improvements, and the said application and all provisional applications relating thereto, and all divisions, renewals and continuations thereof, and all Letters Patent of the United States which may be granted thereon and all reissues and extensions thereof, and all rights of priority under International Conventions and applications for Letters Patent which may hereafter be filed for said improvements in any country or countries foreign to the United States, and all Letters Patent which may be granted for said improvements in any country or countries foreign to the United States and all extensions, renewals and reissues thereof, and I hereby authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patent for said improvements to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND I HEREBY covenant and agree that I will communicate to the said ASSIGNEE, its successors, legal representatives and assigns, any facts known to me respecting said improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid the said ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for said improvements in all countries.

IN TESTIMONY WHEREOF, I hereunto set my hand and seal this 25 day of OCT., 2002
